

There is no better way to ensure the future of ASHRAE and the HVAC&R Industry than investing in tomorrow's engineers.

Longtime ASHRAE member Boggarm S. Setty, P.E. recently decided to endow a perpetual annual scholarship with ASHRAE Foundation. The newly formed Boggarm S. Setty Scholarship will be given to a deserving student in ASHRAE's National Capital Region. Setty said, "This scholarship is a way for me to give back to an organization that has given so much to me over the years, while also helping build and sustain ASHRAE's future membership. One person can make a difference and I encourage others to do the same!"

Approximately \$2 Million of ASHRAE Foundation's endowment is dedicated solely to scholarships. This means we can provide more than \$100,000 in ASHRAE Scholarships annually to outstanding future engineers. Your gift of a scholarship endowment could provide lasting support for the future of ASHRAE throughout your lifetime and beyond!
